Chapter 14 The Temple, the Thames Policy Area & the Key Areas of Change, Strategic Policy S25	Strategic Policy S25 item 10 (and therefore also 14.10). The possible extensive development of Liverpool Street is a unique opportunity to provide access to (new) platforms under Old Broad Street so that the Waterloo & City line can be extended to link Liverpool Street to Waterloo. The convenience of such a connection would increase the competitiveness of rail versus use of the M25 etc. for destinations served by Waterloo. At present, no building is blocking such an extension of the W&C line, although there is something of a pinch point where Old Broad Street joins Threadneedle Street. .	Yes	Yes	Yes
