# Historical Interpretation of Leadenhall Street

## Concept ideas to inform design development

Mirco-etching on planter top (map illustrating the historic alleyways of Leadenhall Street)

Engraving to timber seating top (inspired by the stained glass window, Church of St Katharine Cree)

Brass inlays to planter top (illustrating the triangulated forms of the Leadenhall Building's megastructure)

Brass plate etching (illustrating the intricacies of the Lloyd's Building  
Bowellism architecture)

Micro-etching on planter walls (book spine from The Leadenhall Press)

Thank You
