

# Six Outcomes

## Diverse Engaged Communities

Across our residents, workers, businesses, and visitors, everyone should feel that they belong. Connecting people of all ages and backgrounds will help build diverse, engaged communities that are involved in co-creating great services and outcomes.

## Leading Sustainable Environment

We have a responsibility to ensure that we act as a leader on environmental sustainability and strive to enhance it in all aspects of how we work. Climate action, resilience, air quality, and sustainability are all facets of ambitious targets for the entire City to be net zero by 2040.

## Providing Excellent Services

Supporting people to live healthy, independent lives and achieve their ambitions is dependent on excellent services. Vital to that continued pursuit is enabling access to effective adult and children's social care, outstanding education, lifelong learning, quality housing, and combatting homelessness.

## Dynamic Economic Growth

The City of London is the engine in the country's economy. Driving dynamic economic growth in financial and professional services at local, national, and international levels will create jobs, attract investment, and support businesses across communities and the country.

## Vibrant Thriving Destination

Attracting businesses and people to a safe, secure, and dynamic location is vital to our future. A world-leading culture and leisure offer is integral to creating a vibrant, thriving destination where everyone prospers.

## Flourishing Public Spaces

From our markets and cultural icons, such as the Barbican, to our world-famous bridges and amazing green spaces, we are stewards of unique national assets. Major capital investment into our civic fabric will secure flourishing public spaces, enabling a more successful London overall.
